THE N.A.A. CORROSION OF PLASTICS. Rept. presented to the Anticorrosion Conference, Paris.

14-17 Nov 61. (162, 32p. 12 refs.)

Order from M.A. \$5.60

62-14434

Trans. of Corrosion et Anticorrosion (France) 1961, v. 9, no. 5, p. 145-159.

DESCRIPTORS: *Plastics, *Corrosion, Corrosioninhibition, Metals, Surfaces, Corrosive liquids.

The corrosion of plastic objects or by-products is examined under the influence of internal factors (composition, structure, bonds, internal tensions, macro-structure) and external factors (physical, chemical, thermal, mechanical, biological stresses) and means making it possible to gauge the behavior of plastics (accelerated tests) and data furnished by studies and tests in this connection are reviewed. (Author)
